- To maintain high standards of quality, safety and hygiene in the provision of our products and services.
- To ensure efficiency, consistency and best performance by applying knowledge and experience.

Ideal for disinfection and sanitation of all food contact surfaces as well as fresh produce, meat, poultry & seafood.

FoodGUARD is an effervescent tablet that dissolves rapidly in water then forms a clear solution of Hypochlorous acid (HOCl) which can effectively eliminate microbial contamination.

FoodGUARD provides an easy solution to fulfill sanitary and hygiene requirements without affecting the taste, appearance, or nutritional value of the food. It helps prevent food spoilage and improves shelf-life by eliminating most known microorganisms (bacteria, viruses, fungi, algae, spores)

Advantages of FoodGuard :

- Effectively eliminates most known microorganisms.
- Prevents food spoilage and improves shelf-life.
- HACCP compliant, safe and easy to use.
- Compact and economical.

Who can benefit from Food Guard?

Restaurants, Café, Bakeries, Supermarkets, Food and Beverage Processing Plants, Hotels, Catering Companies, Food Stalls and Food Courts
